## ABOUT ME

I am a passionate and dedicated Computer Science and Engineering student with a strong interest in software development and front-end designing. I enjoy creating clean, user-friendly, and efficient interfaces that enhance user experience. With a solid foundation in web technologies such as C++, HTML, CSS, JavaScript, and React, I focus on turning creative ideas into functional digital products. I am eager to learn, adapt, and contribute to innovative projects that combine design thinking with technical precision. My goal is to grow as a developer while continuously improving my problem-solving and UI/UX design skills.
